

ST. PAUL, Minn., Sept. 18—(M. T.) Thaddeus S. Clark, of Omaha, was A. R. C. commander-in-chief of the G. A. R. at the national encampment Friday morning. While nominations were in order the following candidates were presented to the encampment: Maj. Thaddeus S. Clark, of Nebraska, nominated by Judge L. L. Hayward, of that department; John C. Linehan, of New Hampshire, by Comrade Ogswell, of that state; D. R. Ballou, of Rhode Island, by Comrade Spill, of that state; John W. Meade, of New York, by Comrade Bewis, of North Dakota, and Senior Vice-Commander-in-Chief Hobson, of Kentucky, by his state. He came as a representative of the G. A. R. as mentioned before. Gen. George A. Custer, made a speech designed to allow his name to be presented because he was a judge of the supreme court of

Gov. Walker appointed Comrades Meade, Linehan and Ballou a committee to escort his successor to the platform, which was done amid demonstrative applause. Maj. Clarkson, in accepting the command of the army, made a speech expressing his deep appreciation and warmest thanks.

Adj. Gen. J. D. Mullen, of Minnesota, was unanimously elected senior vice

Full delegations Montana reported a unanimous vote for New York, our New York delegation called amid great cheering and reported positive 22 delegates and 72 alternates.

Illinois was also cheered for their delegation. A full delegation for gold was reported. failed to respond.

Wisconsin reported a full delegation. A full delegation chairman said. At that time there were cheers. The call complete, those that 4 states are represented. Territories were then called. Delegates from California answered. Eight hundred and fifty delegates all were found to be present.

The report of the executive committee was read, and it was agreed that the convention be governed by the rules of the democratic convention of 1892.

The announcement that ex-Gov. Flower, New York, had been chosen for temporary chairman was received with great cheering.

When he was conducted to the chair all the delegates were on their feet.

When quiet had been restored the chairman delivered a short address. At the mention of President Cleveland's name the ex-Gov. Flower

**BURNING GAS**

**And Cold Water Flow from an Exhaust**

**Fostoria, O., Sept. 5.**—The gas and oil fields of Northwestern Ohio have produced many wonderful effects in the past few years. One of them is that a Fostorian who rode to Findlay on a bicycle, discovered something between the two cities which I probably never would have known, while it is locally known, its fame has not spread abroad. It is an abandoned gas well, out of which the tubing was left protruding some three feet above the ground. The water in this piece of pipe, which is five inches in diameter, a stream of gas is forced several feet, and is burning, while a cold stream of water is also forced from it, but to a less height.

The water is almost ice cold, and has a strong taste and smell of sulphur. One is in danger of burning his hand on the steam, but it is not so hot, when it is safely secured it is cold and palatable. The water has turned the earth on which it pours black, while the water which has been here before is white as the milky.

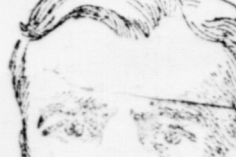

To Be the Next Meeting Place of the

INDIANAPOLIS, Ind., Sept. 3.—The Indianapolis Pythians, aided by local committees have been planning for several months to capture the 1898 convention of the national association of Pythians, and on Friday afternoon Mayor Taggart received a telegram from Cleveland, signed by the committee, stating that its efforts have been crowned with success. All of the subsidiary societies of the city were invited and the meeting was held in the city hall and was in the welcome to be extended in 1898, and it is intended to make a better showing in this city than marked the recent national gathering of the U. S. D. C.

Douglas Millers' Association Meets:—

TORONTO, Ont., Sept. 5.—The Dominion Millers' association, in annual meeting here, has passed a resolution expressing strong opposition to any change in the law of import and export and to reciprocity with the United States in wheat and flour, holding that such reciprocity would result in great loss and injury to farmers and millers of Canada. A strong denunciation of the policy of the administration at Ottawa to express their views to the government.

**Dominion Millers' Association Meets.**  
TORONTO, Ont., Sept. 5.—The Dominion Millers' association, in annual meeting here, has passed a resolution expressing opposition to any change in the tariff on wheat and flour and also reciprocity with the United States in wheat and flour, holding that such reciprocity would result in great loss and injury to farmers and millers in this country. A number of the members of the association will go to Ottawa to express their views to the government.

[illegible][illegible]

They can not see when paid in the best of the world. They are not the defenseless victims of a debased and fluctuating currency, but they are the victims of the money changers at their cost.

Realizing these truths, demonstration by the people of the United States for a democratic party in the interests of the masses and for the maintenance of the gold standard, is probably the latest phase of the American political movement.

In 1833, the gold standard of monetary value was established by the United States government. The government, through banking and currency issues. To this long established policy, the gold standard was maintained, and the maintenance of the gold standard and of the gold currency was the policy of the government and are firmly opposed to the free and unlimited coining of silver, and to the free and unlimited use of paper money.

But we denounce also the further maintenance of the gold standard, and the maintenance of a national paper currency as a constant source of

because the president had permitted the gold standard to be maintained. The soldiers as police after the great Chicago, thus reflecting upon the gold standard.

Palmer "Went off to Greeley." The gold standard was maintained in Illinois were fused, Gov. Palmer recognized them as a threat, and was the adoption of a hard money platform of a convention. Gov. Palmer was elected Governor of Illinois, and in a powerful speech, he maintained the gold standard and states rights platform was the reason the party went before the people. But the gold standard was maintained in the past between and gave the republic.

Since then Gov. Palmer has been elected and was elected to the state senate.

Dorset Good.

One of the leading physicians of Washington is small of stature and very boyish in appearance, says the Star. A lady entered his office the other day, one of the bustling sort of women who never quit talking.

"Oh, of course, you would say he does, but I'll warrant you'll catch it, if he sees you there. You look sort of pale. I should think the doctor would give you something to make you stronger. Your ma ought to send you into the country. That would make you grow. He'll soon do you think the doctor will be dissatisfied."

"Madame, I tried to tell you before — I did not think you can see the doctor 16-day."

"Well, I'll come next time I'm in town. But you ought to quit staying in this office and go into the country. Not that it is any of my business, but I do not like my boys here so pale and puny."

She disappeared, and the doctor is wondering what she will say when she calls next time she comes into the city.

infectious diseases whose germs are inhaled through the throat and lungs, as compared to the non-smoker, one in twenty-eight. He asserts that smoking tends to check the development of bacteria and kill them. It is well known that smoking is forbidden by physicians and employees in laboratories given over to the cultivation and propagation of germs of different diseases for experiments. Smoke kills these minute organisms, and what applies to a chemist's workshop applies equally to the human body.

**Mr. Green Was for Years a Great Sufferer  
with Locomotor Ataxia—He at Last  
Finds a Cure and Certifies Before  
a Notary to the Truth of  
the Statement.**

Mr. Green was in the *American* office recently and was enthusiastic in his praise of the medicine. His statement was as follows:

"About a year ago I suffered from an attack of grip which resulted in my contracting the Weekly News about the Pink Pills for Pale People. I had heard others say that it would help me, and I bought a box of the pills at Alexandria, Virginia. The first result was a more prompt recovery from the grip than I had expected. I had purchased several more boxes. They had a wonderful effect on my lungs, and I was able to do my business without being hindered. I was helpless and not able to do for myself. I have increased in strength and am now in the best of health. I have been able to walk to Alexandria, which is about six miles from my home. I have been able to do my business and have done me a wonderful amount of good, and I am willing to take my oath of office as a Notary Public in the State of Ohio, U. S. A."

For further assurance before me, a Notary Public in and for said county, Mr. W. H. Green, who is duly sworn, has taken and subscribed before me the foregoing and true statement of the said W. H. Green, on the first day sworn, says that he was a great sufferer from locomotor ataxia, and that he has received great relief from the use of the Pink Pills for Pale People.

Sworn to and subscribed before me by the said W. H. Green this 14th day of May, 1901.

## Owingsville Outlook.

D. S. ESTILL, PUBLISHER.  
OWINGSVILLE, KY.

SUBSCRIPTION, \$1 YEAR IN ADVANCE.

THURSDAY, SEPT. 10, 1896.

### NATIONAL DEM. TICKET.

FOR PRESIDENT,

JOHN McCAULEY PALMER,

Of Illinois.

FOR VICE PRESIDENT,

SIMON BOLIVAR BUCKNER,

Of Kentucky.

### ANNOUNCEMENTS.

For Circuit Judge.

Judge B. F. Day, of Mt. Sterling,

is a candidate for the Democratic

nomination for Circuit Judge in the

Twenty-first Judicial district,

composed of the counties of Bath,

Menifee, Montgomery and Rowan.

M. S. Tyler, of Mt. Sterling, is a

candidate for the Democratic nom-

ination for Circuit Judge in this

(the 21st) Judicial district.

Charles W. Nesbitt is a candi-

date for the Democratic nomina-

tion for Circuit Judge of this dis-

trict.

For Sheriff.

George T. Young, of Owingsville,

is a candidate for the Democratic

nomination for Sheriff of Bath

county, with Seth Botts, of Sharp-

sburg precinct, for deputy.

Johnson M. Atchison, of Wyom-

ing precinct, is a candidate for the

Democratic nomination for Sheriff

of Bath county.

For Jailer.

We are authorized to announce

Samuel T. Jones, of White Oak, a

candidate for the Democratic nom-

ination for Jailer of Bath county.

Election, November, 1897.

John Jackson, of Preston, is a

candidate for the Democratic nom-

ination for Jailer of Bath Co.

Cabe S. Ratliff, of Bald Eagle, is

a candidate for the Democratic

nomination for Jailer of Bath county.

Election, November, 1897.

Public School Superintendent.

W. Jasper Lacy, of near Owings-

ville, is a candidate for the Demo-

cratic nomination for Bath Co. Su-

perintendent of Public Schools.

Election, November, 1897.

Our Platform and Presi-

dential Ticket.

A great many people vote year

after year for a party name and

without having any conception of

what the platform of the party

stands for. They are not

convinced that their fathers and

their social environment are

Democratic or Republican.

Those who wish to know

the real history of Democracy mean

to read and study the platform

of the Indianapolis convention.

That declaration is pure Demo-

cracy, and is the best platform pro-

mulgated by any Democratic con-

vention in several decades at least.

There is nothing but pure Demo-

cracy in it, and it comprehends the

whole essence of Democratic prin-

ciples.

Two candidates who were

nominated on that platform are in

every way creditable exponents of

the true faith, and as citizens, sol-

diers, statesmen and thinkers, are

two of the grandest old men to

whom the nation has given birth.

Both are native-born Kentuckians.

Gen. Palmer lived from birth up to

the age of fourteen years in Scott

county. Gen. Buckner has always

in private life made his home in the

log house in which he was born in

Hart county.

Gen. Palmer rose by his merits

to the greatest honors his adopted

State, Illinois, could bestow, crown-

ing his career with the offices of

Governor and U. S. Senator. He

rose to the rank of Major General

in the Union army and won honor

on many important battlefields. He

said not long ago that he had lived

to see himself come into political

fashion again and again after the

lapse of a certain number of years.

Gen. Buckner was educated for

a soldier's profession at West Point.

He won honors in the Mexican war

and became a lieutenant general in

the Confederate army. He has been

eminently successful as a busi-

ness man and made the best Gov-

ernor Kentucky has had since 1860

"the satisfaction of bursting the

Democratic party." How does that

declaration strike those of his sup-

porters who claim to love the party?

JOHN G. CARLISLE says of Palmer

and Buckner: "They are splendid

nomination and fully meet the ex-

pectations of the sound-money men

of the country."

When a party majority bolts the

principles of their party to bolt

against that majority becomes the

glorious right of all the minority

who consider themselves freemen.

CONGRESSMAN LITTLE, of North

Carolina, thinks the Populists will

desert the Popocrats and fuse with

the Republicans in his State, which,

of course, will give the electoral

vote to McKinley.

PALMER and Buckner will be no-

tified at Louisville Sept. 12th of

their nomination. The occasion will

be a notable one. Fellow, the great

New York orator, will speak; also

Senator Lindsay and others.

ARTIE SWALL is out in a letter

saying he has no intention what-

ever of getting off the Chicago

dump. Tommy Watson seems to

be firmly planted on the same,

without any prospect of leaving.

The State election in Vermont

resulted in 53,076 Republican votes

and 13,983 Popocratic votes. There

is a deep significance in the 39,093

plurality in 1896, whereas the Re-

publican plurality in 1892 was only

18,702.

So great was considered the honor

of heading the Indianapolis Na-

tional Democratic ticket that a

sharp fight was made for it by the

friends of Palmer and Bragg. The

sentiment for the gallant Buckner

was unanimous.

The State election in Maine

comes off Sept. 14th. That will

give a good indication of the

strength of silverism in the East,

and Sewall ought to get some extra

votes on account of personal friend-

ship and State pride.

As a rule the railroads from

presidents down to the humblest

employees are espousing the side of

sound money, and are especially

opposing the Chicago platform be-

cause of the convention's plain

hostility to the railroad interests.

WHEELER beat Hendricks badly

for the Popocratic Congressional

nomination in the 1st district. Hen-

dricks was lately a sound-money

man and trifled with the issue so

that neither element had full con-

fidence in him. Wheeler is a ramp-

ant silverite.

THE vital principle of both Pop-

ocracy and Populism being spoils

of office, and there being too little

matter to divide, the flux

lacking for a fusion of

Populists and Populists par-

ticularly the dominant

element in each.

VERMONT to Bryan: "You have

been tried in the balance and found

wanting in every quality necessary

to make you a fit President of the

United States, hence our verdict,

given by a majority of 39,000 in a

vote of 67,000, four-fifths of the

votes being farmers."—Louisville

Post.

A LOUISVILLE dispatch says Pop-

ocratic Chairman Sommers is very

sad because of the lack of funds.

Again, a lot of the free-silver or-

gans are getting so short of funds

that they can scarcely run longer

and are offering to sell out their

plants to the sound-money Demo-

crats.

M. E. INGALLS, of Cincinnati,

President of the C. & O. R. R., is a

Democrat. He wrote to a corre-

spondent in Nashville:—

"We are not looking after new

railroads now. If our Populiste

free-silver friends succeed what we

have got will not be worth the run-

ning."

It is beyond our ability on ac-

count of space to mention all those

who are repudiating the Chicago

convention and supporting the In-

dianapolis ticket. Some old cam-

paigners are remarking that stran-

gers than the election of

Palmer and Buckner have happened

in politics.

CYRUS H. MCCORMICK, a life-long

Democrat of Chicago, declares for

McKinley. He is President of the

There is a strong antagonism

now between the leaders of the

Populists and the Silver Democrats

in Kentucky. All chances of fu-

sion or any sort of amicable agree-

ment are regarded as hopeless. The

Populists say their repeated snub-

bings by Popocrats will certainly

give the State to McKinley.

Is nearly all the more important

States the Populists and the Silver

Democrats are at loggerheads and

getting more antagonistic as the

campaign progresses. Evidently

the Democrats of the Chicago brand

are mighty sorry they traded off

their time-honored Democracy for

the hope of gaining Populist votes.

LI HENG CHANG after talking

with John G. Carlisle says if Car-

lisle were a citizen of China he

would be the greatest man of the

"Flowery Kingdom." The people

whose opinion is best worth having

have a similar opinion about him

in this country so far as pure in-

tellectual capacity in statesmanship

is concerned.

J. D. BLACK, of Barboursville, is

the silverite victim for the Novem-

ber slaughter in the 11th Congres-

sional district. The National Dem-

ocrats will nominate a candidate

at Somerset Sept. 24th. The latter

are strong compared with the sil-

verites. Colson will succeed himself,

for he and White will likely adjust

their differences.

MISS MARGARET INOLES, of Paris,

was to open her campaign for Bry-

an with a speech at Falmouth Mon-

day and it is presumed that she

did so. All the cranks, sensation-

alists, new women, and such, are

using either the tongue or writing

implement for Bryan. Such a va-

riety of erratic followers no Presi-

dential candidate ever had before.

THE Zion's Herald, of Boston, a

non-partisan religious journal, will

in its next issue publish the replies

to the question of "What part shall

ministers take in the present un-

usual presidential campaign?" from

3 U. S. Senators, 4 Congressmen,

3 bishops, 6 clergymen and 4 col-

lege presidents. They are nearly

unanimous in saying that ministers

should take an active part against

silverism, on the moral grounds

that debt-repudiation is a sin and

anarchy wrong.

THE brains and integrity of all

nations that live long rule them

in the long run. It is a necessity

of the life and advancement in

civilization of such nations that it

should be so. The honest, un-

yielding purpose of true Demo-

cracy is the only one that will

prevail in the end. It is the only

one that will reach to the prin-

ciples of the platform, and of

Democracy.

THE Populists and Pop-

ocrats are bitterly array-

ed against each other. The former

have named "Bryan and Watson

electors, which action corks Bryan

and Sewall's goose. Set down Al-

abama surely for McKinley not

withstanding the recent Democra-

tic gubernatorial victory, when the

National Democrats for local rea-

sons supported the State Demo-

cratic ticket. Alabama had one of
